

The USJF and the Hall of Fame Committee are pleased to announce the publication of the 2024 Hall of Fame, Lifetime Achievement, and Presidential Recognition Awards photo book.

The coffee table-style book was developed by Certified Professional Photographer Chuck Medani in collaboration with Neil Simon, chair of

the USJF Hall of Fame Committee, celebrating the USJF/Shufu Dinner and Awards event in Washington, D.C. last April.

This 8 x 10 hardcover book has 46 pages filled with over 60 photos of the celebration including the venue, many of the

attendees, letters of welcome, award recipients, and with a surprise final shot reprising an event well-known to judoka throughout the country. This is a great record of the festivities for the recognition of those individuals who have contributed so much to judo and to the USJF.

The cost for this worthwhile keepsake is approximately \$57 – not inexpensive but subject to frequent sales, which are posted by the publisher Blurb at [blurb.com](https://www.blurb.com).

This is a collection that is a one-of-a-kind for the USJF, and is the first of an anticipated series of commemorative photographic records that will enrich our bookshelves with great memories for many years to come.
